

Please do not allow any broadcast corporation (such as Sinclair) to require their stations to air a political "documentary" slanted against one of the presidential candidates at no charge unless they also require another "documentary" to also be aired at no charge, within 24 hours, in an equivalent time slot, that is slanted against the other presidential candidate. Such biased presentations disguised as documentaries are not in the public interest. Any such programs that air should be charged for at the current broadcast rates and should indicate clearly that they are paid for by a named individual and/or organization.

ESPECIALLY THIS CLOSE TO A NATIONAL ELECTION, the public deserves, and needs, unbiased information if it is presented as public service programming.

Please monitor this situation and if Sinclair or any other media that is using public airwaves to broadcast, presents, for free, such biased programming, consider not renewing the licenses of any affiliates that permitted this to happen.

Thank you for your consideration. I truly hope that you are able to insure that no media conglomerate abuses its power in an obvious attempt to control the outcome of any election!
